Even Pure Beer is Sensitive to Light

The direct rays of the sun on beer will start decay.

Dark glass gives protection against light.

Schlitz is sold in dark bottles, to protect its purity from the brewery to your glass.

We use the costliest materials. One of our partners selects the barley.

We go to Bohemia for hops.

Schlitz is aged for months before it is marketed, to prevent biliousness. It cannot ferment in your stomach.

We filter it through white wood pulp. Sterilize every bottle.

We spend more money to attain purity than on any other cost in our brewing.

If you knew what we know about beer, you would say, "Schlitz—Schlitz in Brown Bottles."

THIS IS CERTAIN

The Proof That El Paso Readers Cannot Be Deceived.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Some endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Thomas Townsend, 415 N. Oregon St., El Paso, Tex., says: "I can recommend Doan's Kidney Pills as highly today as when I gave a statement for publication in their favor over two years ago. For some time my kidneys were weak and I was obliged to arise often during the night on account of an inability to control the kidney secretions. The use of one box of Doan's Kidney Pills, procured at Kelly & Pollard's Drug Store, strengthened my kidneys and made a marked improvement. I have not had much trouble from my kidneys since then and consequently I am always willing to make the merit of Doan's Kidney Pills known."
